V. AUDITOR

The auditors of Southern Auditing and Accounting Financial Consultancy Services Company Limited (AASCS) take the audit of financial statements for the Company.

VI. STATEMENT OF THE BOARD OF EXECUTIVE OFFICERS' RESPONSIBILITY IN RESPECT OF THE FINANCIAL STATEMENTS

The Board of Executive Officers is responsible for the financial statements of each financial year which give a true and fair view of the state of affairs of the Company and of its results and cash flows for the accounting period ended June 30, 2025. In preparing those financial statements, the Board of Executive Officers is required to:

- Tate whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the separate financial statements;
- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- Prepare the separate financial statements on the basis of compliance with accounting standards and system and other related regulations;

- Prepare the financial statements on going concern basis.

The Board of Executive Officers is responsible for ensuring that proper accounting records are kept which disclosed, with reasonable accuracy at any time, the financial position of Company and to ensure that the accounting records comply with the registered accounting system. It is responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

We, the Board of Executive Officers, confirm that the financial statements for the accounting period ended June 30, 2025; its operation results and cash flows in the six-month period of Company accordance with the Vietnamese Accounting System and comply with relevant statutory requirements.

VII. APPROVAL OF FINANCIAL STATEMENTS

We, the Board of Directors of Beton 6 Corporation approve our Financial Statements for the accounting period ended June 30, 2025.

Ho Chi Minh City, dated August 26, 2025

On behalf of the Board of Directors

TRINH THANH HUY
Chairman

Ho Chi Minh City, dated August 26, 2025

NGUYEN XUAN VINH
General Director

No. : ~~181~~... /BCKT-TC/2025/AASCS**REPORT ON REVIEW OF FINANCIAL STATEMENTS**

To: Shareholders, the Board of Directors and the Board of Executive Officers
BETON 6 CORPORATION

We have reviewed the interim financial statements of Beton 6 Corporation, were prepared on July 30, 2025, as set out on pages 07 to 45, which comprise separate Balance Sheet as at June 30, 2025, Income Statement, Cash Flow Statement for the six-month period as at June 30, 2025 and Notes to Financial Statement.

The Board of Executive Officers' responsibility

The Board of Executive Officers is responsible for the preparation and fair presentation of these interim financial statements in accordance with Vietnam Enterprise Accounting Standards, and system and comply with relevant statutory requirements, and for such internal controls that the Board of Executive Officers determines is necessary to ensure the preparation and presentation of interim financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim financial statements based on our review, we conducted our review in accordance with Vietnam Standards on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

- The Company has not recognized interest expenses amounting to VND 28,604,234,075 for the first six months of 2025. Had this amount been fully recorded in accordance with prevailing regulations, financial expenses and short-term liabilities would have increased by VND 28,604,234,075, and accounting profit would have decreased by the same amount.

- For the accounting period ended June 30, 2025, the Company did not make a full provision for doubtful debts. Had the provision been made in accordance with applicable regulations, general administrative expenses and short-term provisions for doubtful debts would have increased by VND 4,901,362,730, and accounting profit would have decreased by the same amount.

- As of the end of the accounting period on June 30, 2025, we were unable to obtain sufficient appropriate audit evidence regarding the balances of certain liabilities recorded in the accounting books, including short-term trade payables amounting to VND 49,327,422,535 and short-term prepayments from customers amounting to VND 56,564,809,727, representing approximately 9% of total liabilities. We were therefore unable to determine whether any adjustments might be necessary to these liabilities and the possible impact, if any, on the financial statements. This matter also existed in prior financial years.

Qualified conclusion

Based on our review, except for the effects of the matter described in "Basis for qualified conclusion" paragraph, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view, in all material respects, of the financial position of Beton 6 Corporation as at June 30, 2025 and of the results of its operations, its cash flow statement for the six-month period then ended accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and the relevant statutory requirements applicable to interim financial

Emphasis of matter paragraphs

We draw attention to Note VIII.3 'Information on Going Concern' to the financial statements, which discloses that as at June 30, 2025, the Company had an accumulated loss of VND 1,393,180,280,228, exceeding both its contributed capital and total equity; total liabilities exceeded total assets by VND 991,281,395,091, indicating that the Company is in a state of insolvency; and current liabilities exceeded current assets by VND 1,118,888,679,325, indicating that the Company's ability to settle short-term obligations is not assured. These conditions, along with other matters as set forth in Note VIII.3, indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, the Company's leadership believes in the future operating results and financial support from creditors, and therefore, the financial statements have been prepared on a going concern basis.

Our audit conclusion is not relevant to these emphasis of matter paragraphs.

Other matter

The Company's financial statements for the year ended December 31, 2024 were audited by another audit company, which expressed a qualified opinion in its audit report dated May 12, 2025. The basis for the qualified opinion was that the auditors were unable to obtain sufficient appropriate audit evidence regarding certain significant outstanding balances recorded in the accounting books, including short-term trade payables amounting to VND 49,327,422,535 and short-term prepayments from customers amounting to VND 56,564,809,727.

II. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY**1. Accounting period**

Annual accounting period of Company is from 01 January to 31 December.

2. Accounting currency

The financial statements are prepared and presented in Vietnamese Dong (VND).

III. ACCOUNTING STANDARDS AND ACCOUNTING SYSTEM**1. Accounting system**

The Company applies Enterprise Accounting System issued under Circular No.200/2014/TT-BTC dated December 22, 2014 by Ministry of Finance as well as the circulars of the Ministry of Finance giving guidance on the implementation of the accounting standards and system.

2. Declaration of adherence to Accounting Standards and Accounting System

The Company applies Vietnamese Accounting Standards and supplement documents issued by the State. Financial statements are prepared in accordance with regulations of each standard and supplement documents as well as with current accounting system.

IV. ACCOUNTING POLICIES**1. Cash and cash equivalents****a. Cash**

Cash includes: cash on hand, cash in bank under current account and cash in transit.

b. Cash equivalents

Cash equivalents are short term investments for a period not exceeding 3 months that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value from the date of purchase to the date of financial statements.

c. Other currencies convert

Transactions in currencies other than Vietnamese Dong must be recorded in original currency and converted into Vietnamese Dong. Overdraft is recorded as a bank loan.

At the reporting date, the company is requested to revalue the balance of foreign currencies and monetary gold as follows:

- The balance of foreign currencies: using buying price quoted by commercial bank which is trading with the company at the reporting date;
- The monetary gold: re-evaluated according to the buying prices on the domestic market at the time in which the financial statement is prepared. The buying prices on the domestic market are prices announced by the State bank. In case the State bank does not announce gold buying-prices, the buying-prices announced by enterprise entitled to trade in gold as prescribed shall be chosen.

2. Financial investment

Financial investment is the outside investments with purpose to use capital reasonably and improve efficiency of business operations such as investments in subsidiaries, joint ventures, cooperation, investment in securities and other financial investments ...

For the preparation of financial statements, the financial investment must be classified as bellows:

- Having maturity less than 12 months or 01 normal production period are recorded as short - term.
- Having maturity over than 12 months or 01 normal production period are recorded as long - term.

c. Investments in subsidiaries, joint ventures and associates

Investments in subsidiaries and associates are stated at original cost. Distributions from accumulated net profits from subsidiaries and associates arising after the date of acquisition are recognized in the financial income. Other distributions (except net profits) are considered a recovery of investments and are deducted to the cost of the investment.

The Company applies accounting regulations on jointly controlled operations and jointly controlled assets as on normal business activities. In which:

- Monitoring incomes, expenses of joint ventures separately and allocated to parties of joint ventures;
- Monitoring contributed assets, contributed capital, liabilities separately in the joint ventures arising from operating joint venture.

Expenses directly related to investment activities in joint ventures and associates have been recorded as financial expense in the period.

Provision for investment losses in other units: losses of subsidiaries, joint ventures, associates have led to loss of capital or provision of investors by declining value of investments. The provision is created or reverted at the reporting date for each investment and are recorded in financial expenses in the period.

d. Investment in equity of other entities

Investment in equity of other entities are the investments in equity instruments of other entities but the Company does not control or influence significantly to the invested entities.

3. Trade and other receivables

All receivables must be recorded detail by aging, by each client and in original currency if any and others details depending on the management request of the company.

The classification of receivables must be managed as bellows:

- Trade receivables: any receivable having from trading activities between the company and its clients: selling goods, providing service, disposal of assets, exported receivable of consigner through the consignee;
- Intra-company receivables: receivables between the company with its dependent branches;
- Other receivables: are non trade receivables and do not related to trading activities.

For the preparation of financial statements, the receivables must be classified as bellows:

- Having maturity less than 12 months or 01 normal production period are recorded as short - term.
- Having maturity over than 12 months or 01 normal production period are recorded as long - term.

At the reporting date, the company revalues the receivables which have balance in foreign currency (except for advance to suppliers; if we have evidence that the supplier will not supply the good or provide the service and the company will receive back this advance in foreign currency, this advance will be treated as monetary item having foreign currency) at the buying price quoted by commercial bank which is trading with the company at the reporting date.

Provisions for bad debts: The bad debts are make provision at the balance sheet date. The provision or reversal is made at the reporting date and is recorded as management expense of the fiscal year. For the long-term bad debts in many years, the company tried to collect but cannot and there is evidence that the client has insolvency, the company may sell these long-term bad debts to debt collection company or write off (according to regulations and charter of the company).

4. Inventories

a. Recognition basis

Inventories are stated at original cost. Where the net realizable value is lower than cost, inventories should be measured at the net realizable value. The cost of inventories should comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The assets are purchased for the production, use or sale are not presented in this item but are presented in item "Long-term equipment, supplies, spare parts", including:

- Costs of work in progress beyond a normal operating cycle (over 12 months);
- Supplies, equipment's and spare parts for replacement which reserved period are more than 12 months or more than an ordinary cycle of business operation.

b. Cost determination of inventories

Cost of inventories are determined in accordance with method: Weighted Average

c. Record method of inventories

Inventories are recorded in line with Regular reporting method.

d. Provisions for decline in value of inventories

In the end of accounting year, if inventories do recover enough at its historical value not because of damage, obsolescence, reduction of selling price. In this case, the provision for inventories is recognized. The provision for decline in inventories is the difference between the historical value of inventories and its net realizable value.

5. Tangible and intangible fixed assets, investment properties

Fixed assets are stated at the historical cost. During the using time, fixed assets are recorded at cost, accumulated depreciation and net book value.

Historical cost of finance lease fixed assets are recognized at the fair value of the leased property or the present value of the minimum lease payment (in case the fair value is higher than the present value of the minimum lease payment) plus the initial costs directly related to the initial operation of financial leasing.

During the operation, the depreciation is recorded to depreciation expense for using assets. Intangible fixed assets which are termed land use rights are depreciated.

Investment properties are depreciated normally, except for investment property for waiting increase of price. The Company just only determine value of loss cause of decreasing value.

Depreciation is provided on a straight-line basis. The useful life are estimated as follows:

- Buildings, structures	5 - 25	years
- Machinery, equipment's	5 - 10	years
- Transportation equipment's, transmitters	6 - 10	years
- Office equipment and furniture	3 - 07	years

6. Construction in progress

Construction in progress represents costs directly attributable to assets under construction and installation (including related borrowing costs in accordance with the Company's accounting policies), such as buildings, machinery and equipment being installed for production, leasing, and administrative purposes, as well as ongoing major repair costs of fixed assets. These assets are recorded at historical cost and are not subject to depreciation.

7. Prepaid expenses

The calculation and allocation to expense to each accounting period based on the nature, level of each prepaid expense to determine the allocation method properly and consistently.

Prepaid expense is recorded separately: incurred, allocated amount to its cost center and carried amount.

Prepaid expense is classified as follows:

- Prepaid expense related to purchase or service less than 12 months or 01 normal production period, from incurred date, are recorded as short - term.

- Prepaid expense related to purchase or service over than 12 months or 01 normal production period, from incurred date, are recorded as long - term.

8. Trade and other payables

All payables must be recorded detail by aging, by each client and in original currency if any and others details depending on the management request of the Company.

The classification of payables must be managed as bellows:

- Trade payables: any payable having from trading activities from purchase, using service, import though consigner;
- Intra-company payables: payables between the company with its dependent branches;
- Other payables: are non trade payables and do not related to trading activities.

For the preparation of financial statements, the payables must be classified as bellows:

- Having maturity less than 12 months or 01 normal production period are recorded as short - term.
- Having maturity over than 12 months or 01 normal production period are recorded as long - term.

At the reporting date, the Company revaluates the payables which have balance in foreign currency (except for advance from clients; if we have evidence that the Company will not supply the good or provide the service and the Company will have to return this advance in foreign currency, this advance will be treated as monetary item having foreign currency) at the buying price quoted by commercial bank which is trading with the Company at the reporting date.

9. Loans and finance lease liabilities

Loans in the form of issuance of bond or preference share with preferential terms required the issuer to repurchase at a certain time in the future shall not be reflected on this item.

Loans, debts should be monitored in detail for each entity, each contract and each type of loan assets. The financial lease liabilities are stated at present value of minimum lease payment or the fair value of the lease assets.

For the preparation of financial statements, the loans and finance lease liabilities must be classified as

- Having maturity less than 12 months or 01 normal production period are recorded as short - term.
- Having maturity over than 12 months or 01 normal production period are recorded as long - term.

At the reporting date, the Company revaluates the loans and finance lease liabilities which have balance in foreign currency at the selling price quoted by commercial bank which is trading with the Company at the reporting date.

10. Borrowings and capitalization of borrowing costs

Borrowing costs are recognized into financial expenses, except in case where the borrowings cost directly attribute to the acquisition or work in progress is calculated to value of assets (capitalized), when all the conditions are in accordance with VAS no. 16 "Borrowing costs".

11. Accrued expenses

Payables for purchase, using service from suppliers or providing already by supplier but not yet paid due to lack of supporting documents and payables to employee are allowed to record to expense to match the matching concept between revenue and expense. The accrual must be calculated carefully and must have proper evidence. When these expenses arise, if there is any difference with the amount charged, accountants additionally record or make decrease to cost equivalent to the difference.

12. Capital**a. Contributed capital, share premium, conversion options on convertible bonds, other capital**

Capital contribution is stated at actually contributed capital of owners and recorded by each individual, organization.

When capital of the investment license is determined in foreign currency, the determination of the investors shall be based on the actual amount of foreign currencies which they contribute.

Contributed capital in assets must be recorded in revaluation of assets which share holders approved. Intangible assets such as brand, trademark, trade name, right of exploitation, development projects ... shall only be recorded as capital if relevant law allows.

For joint-stock company, contributed capital of the shareholders is recorded according to actual price of stock issuance, but it is reflected in two separate items:

- Contributions from owners are recorded at par value of the shares;
- Share premium is recognized by the greater than or less than difference between the actual price of issue of shares and par value.

In addition, the capital surplus was also recorded at the difference higher or lower between the actual price of stock issuance and the par value of shares as treasury shares.

The conversion options on convertible bonds arising from convertible shares issuance which prescribed in issuance plan. The value of capital component of convertible bonds is the difference between the total proceeds from the issuance of convertible bonds and the value of the debt component of the convertible bonds. At the time of initial recognition, the value of conversion options on convertible bonds are recorded separately in owner's capital. At the bond maturity, accountants shall record this option as capital surplus.

Other capital: to reflect operation capital which set up additionally from the result of the operating results or given as gifts, presents, asset revaluation (under the current regulations).

b. Foreign exchange rate difference

Exchange rate difference is the difference occurring from exchange or revaluating foreign currency monetary items in different exchange rate.

Exchange rate difference is recorded to financial income (if gain) or financial expense (if loss) at the incurred time. Particularly 100% State's capital company which has project implementation, major national projects, exchange rate differences from the previous period of the business activities are reflected on the Balance sheet and gradually allocate into financial income or financial expense.

c. Retained earnings

Retained earnings is the profit of business operations after deduction (-) regulated items due to applying a change in accounting retrospectively or to make a retrospective restatement to correct materiality in previous year.

Profit distribution must be complied with the current financial policies.

Parent Company distribute profit to owners which shall not exceed the undistributed post-tax profits on the consolidated financial statements, including the impact of any gain recognized from the transaction by cheap purchase. In case undistributed post-tax profits in the consolidated financial statements is higher than its financial statements of the the parent company, the parent company make distribution after transferring profits from subsidiary companies to the parent companies.

Profit distribution should take account of non-monetary items in undistributed post-tax profits that may affect cash flows and the dividend payment ability of the Company.

13. Revenues

a. Revenue from sale of goods

Revenue from sale of goods should be recognized when all the following conditions have been satisfied:

- The significant risks and rewards of ownership of the goods have been transferred to the buyer;
- The Company retains neither continuing managerial involvement as a neither owner nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- The economic benefits associated with the transaction of goods sold have flown or will flow to the Company;
- The costs incurred or to be incurred in respect of the transaction of goods sold can be measured reliably.

2 . Segment reporting*Business segment*

Currently, production and business activities of the Company, primal focused on concrete manufacturing. This is not a enterprises activity leather industry, supply many products and services group. Therefore, the Board of Executive Officers decided not to apply for department reporting by business area.

Geographic segment

The Company's products are mainly sold in the same geographic area, there is no significant diggerence in economic benefits or bear the risk. Therefore, the Board of Executive Officers decided not to apply for department reporting by geographic area.

3 . Information about Going-concern Assumption and Events After the Reporting Period**a/ Regarding Finance:**

- As of June 30, 2025, the Company's accumulated loss is VND 1,393,180,280,228, which has not exceeded the charter capital and owner's equity. Liabilities are VND 991,281,395,091 more than Total Assets, therefore the Company fell into bankruptcy.
- The Company's short-term debt is larger than its short-term assets by VND 1,118,888,679,325. Therefore, the Company's ability to pay short-term debt will be difficult.
- Ability to pay debts: The Company will have difficulty paying debts due to creditors under the Loan Agreements. The Company isn't relying too much on short-term loans to finance long-term assets.
- Creditors don't have show signs of stopping or withdrawing financial support.
- Net cash flow from operating activities isn't negative.
- There is no significant decline in the value of assets.
- There are outstanding debts or The need to stop paying dividends to shareholders previously approved by The General Meeting of Shareholders.
- Signs of compliance with credit contracts; conversion of transactions from credit to immediate payment; inability to find sources of funding: None.

b/ Regarding operations:

- The Board of Executive Officers intends to cease operations or dissolve The company: None.
- Lack of key leadership without replacement: None.
- Loss of large markets, important customers, loss of business rights, franchises or loss of important suppliers: None.
- Difficulties with labor: None.
- Shortage of key input materials: None.
- Appearance of new, more successful competitors: None.

c/ Other signs:

- Non-compliance with regulations on capital contribution As well As other regulations: None.
- The unit is being sued and if it loses, the unit is unable to meet the requirements: None.
- Changes in laws and policies that adversely affect the unit: None.
- Risks and losses that are not insured or insured at low value: None.

The Company submitted a Petition for Initiation of Bankruptcy Proceedings to the People's Court of Binh Duong Province on December 9, 2019, due to its loss of solvency and inability to pay due debts to creditors, suppliers, and business partners. On January 16, 2020, the People's Court of Binh Duong Province issued Decision No. 01/2020/QĐ-MTTPS to initiate bankruptcy proceedings against the Company.

The People's Court of Binh Duong Province convened a creditors' meeting on November 08, 2022. The creditors' meeting decided on a plan for the Company's recovery and requested the Company to submit a detailed recovery plan to the creditors before holding another creditors' meeting for final decision.

The People's Court of Binh Duong Province held a creditors' meeting on July 5, 2023, with the voting result showing that 77.14% of unsecured creditors present agreed to approve the business recovery plan.

On August 23, 2023, the People's Court of Binh Duong Province ratified the resolution of the creditors' meeting held on July 5, 2023, regarding the approval of the business recovery plan, pursuant to Decision No. 01/2023/QDST-PS on the ratification of the creditors' meeting resolution.

Currently, the Company is still in the business recovery phase pursuant to the resolution of the creditors' meeting; alongside the capital funding commitment and the fact that debts have not yet been recovered from the largest creditor, Mrs. Nguyen Thi Lan Anh.

Thus, it shows the existence of a material uncertainty that may lead to significant doubts about the Company's ability to continue operating.

However, the Company's Board of Executive Officers believes in the future business performance with capital support from creditors, therefore the Company's Financial Statements are still decided by the Board of Executive Officers to be presented based on the going concern assumption.

4. Comparative figures

Comparative figures is the data on the balance sheet in December 31, 2024 audited by A&C Auditing and Consulting Company Limited, of its results and cash flows for the interim accounting period ending on the June 30, 2024 reviewed by A&C Auditing and Consulting Company Limited.
